

HONEST COLLABORATION. HEALTHY DESIGN. HARD WORK.

Posted 2018/11/12

POSITION: Architectural Project Manager
(Position is for Fulltime Employment)

EXPERIENCE: 5-10 years

JOB DESCRIPTION: The candidates we are seeking will have at least 5 years of full-time experience and be pursuing licensure (if not already licensed). As project manager, you will be working under one of our Project Architects and be responsible for managing project budgets and schedules throughout all phases of design. Production work will require strong capabilities in **Revit** Architecture, and in some cases **BIM Coordination with** consultants. Candidates should have robust portfolios of **completed** work that communicates a high level of attention to detail and understanding of the construction process. A core knowledge of code requirements and specification writing is desired.

Requirements:

- Bachelor's Degree in Architecture
- Be pursuing an Architecture License
- Proficiency in Autodesk Revit Architecture
- Proficiency with Microsoft Office (Excel, Word, Outlook)
- Strong Interpersonal and Problem Solving Skills
- Experience working as a Project Manager on multiple projects

SALARY/BENEFITS: Salary will be based on experience. Benefits currently include Healthcare (Medical, Dental, and Vision).

Eligible candidates should submit a resume, with work samples, to info@alloy5.com. Files sizes should not exceed 5 MB.

ALLOY5 is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, sex, age, genetic information, sexual orientation, status as a protected veteran or status as a qualified individual with a disability, or any other characteristic protected by applicable Federal, State or Local Law.
